WHO WE ARE

New Jersey Together is a strictly non-partisan, broad-based organization of more than 50 religious congregations, neighborhood organizations, parent groups, and more in New Jersey. We challenge ordinary people to identify problems facing their neighborhoods & communities, connect individuals and organizations to multiply their power, and mobilize people by the thousands to bring about measurable and effective change.

We have two local chapters in Hudson & Morris Counties (Jersey City Together & Morris Area Together) and are working with faith & non-profit leaders to develop organizations in Essex, Monmouth, northern Somerset, & Bergen Counties. We act statewide around common concerns.

We need your support to grow! We are a 501c3 non-profit and affiliated with the Industrial Areas Foundation, the nation's oldest & largest multi-faith organizing network.
